BROOKLYN WINERY

Add-On Activities & Enhancements

If your company is hosting a dinner, lunch meeting, or social cocktail party with us, you can choose to enhance the experience by adding a fun activity that will allow your guests to mingle and interact. These activities are especially ideal for team building events, corporate dinners, and mixers.

TRUE WINE DETECTIVE

A crash course on identifying wines with only the clues of sight, smell, and taste.

WINE GAMES

This activity combines everyone's favorite games into an event filled with trivia, blind wine tastings, and even a label making contest. Expect some fun competition as the winning team will take home Brooklyn Winery wine.

BETTER WITH AGE: WINE + CHEESE PAIRING WALKABOUT

This interactive wine exploration encourages guests to move about the space, learn about the subtleties of wine and cheese pairing, and engage with our knowledgeable staff.

BLIND PAIRING SOCIAL

Guests will use basic wine tasting skills to identify different varietals with the help of their colleagues. Each guest will need to seek out the right person in the crowd to complete their blind pairing and take home a prize!

BLENDING SESSION

Wine blending involves mixing different types of wine, which many wineries do to polish their wines before bottling. This is a hands-on activity that allows guests to interact and get to know each other.

PRIVATE LABEL WINES OR WINE FAVORS

The perfect pairing gift that brings the whole evening together. To customize your wine bottles, we'll label Brooklyn Winery wine with a custom label that we'll work with you to develop, featuring your branding, photos, or other images.
